AN INNOVATIVE PROGRAMME

FOR BANYAN TREE GROUP PROPERTY OWNERS

THE BANYAN TREE GROUP

Banyan Tree, one of the world's leading international operators of resorts, residences and spas, offers guests a signature blend of romance and travel with a green conscience.

The philosophy behind the brand is based on rejuvenation of the body, mind and soul – a Sanctuary for the Senses.

The same ethos unfolds at the group's private residences with all the respective Banyan Tree, Angsana, Cassia, and Laguna brands within the group now offering exclusive properties in an ever-expanding range of desirable destinations including China, Indonesia, Vietnam, Malaysia, Mexico, Thailand, and beyond.

Future plans will see the property portfolio expand to yet more inspiring locations.

THE SANCTUARY CLUB

Owners who buy into the Banyan Tree Group's properties enjoy far more than top quality design, bricks and mortar to call home. The Group's signature property owners programme – The Sanctuary Club – offers a chance to enjoy a luxury lifestyle and explore a range of new destinations and experiences.

Delve into the historic Medina from a private historic riad in Marrakech, or feel the excitement in the air seep into your veins and flow through your being at a pool villa island resort in the Maldives. Sanctuary Club owners are recognised with special privileges and enjoy unique experiences with an extensive range of discounts and benefits offered throughout Banyan Tree Group properties worldwide.

As an additional bonus, owners whose properties are managed under a hotel branded rental scheme may exchange part of their annual entitlement for a complimentary stay at any destination within participating locations.

THE EXCHANGE PROGRAMME

Stroll along the ancient cobblestone streets of Lijiang, under the watchful eye of the Jade Dragon at Snow Mountain, where time seems to have stood still for 800 years.

Embark on an adventure through the Maya Riviera to discover mystical ruins and swim with turtles and rays through a colourful coral garden.

When new horizons beckon, Banyan Tree, Angsana, Cassia, and Laguna homeowners can exchange 15 days from their annual entitlement to discover incredible destinations within participating locations.

 Banyan Tree Lijiang, China

THE EXCHANGE PROCESS

The mechanism of the Exchange Programme is simple:

An owner deposits 15 days of his annual entitlement into the exchange pool. These days then are attributed a monetary value based on the actual average daily rate for the past year.

The monetary value deposited can then be used to redeem for rooms and villas at participating properties at the best available rate at time of booking.

Bookings can be requested via the centralised team.

Reservation requests operate on a first come, first served basis. Once all days are utilised in a particular property (redeemed nights equal deposited nights), the property is no longer available for exchange.

THE DEDICATED TEAM

A centralised multilingual team at Sanctuary Club handles all owner enquiries, accommodation reservations and requests.

In addition to assisting members, the team of well-trained staff maintains owner preferences to ensure a perfectly smooth and customised booking service and a memorable stay.

Attention to detail is defined by the on-property resort hosts, whose responsibilities include arranging airport transfers, personalised check-in, booking resort restaurants, spas and activities as well as a range of other concierge services.
